

CROSSWORDS - PAGES 1-6

Answer for Page 3 goes here

These pages are for thoughts that need the space in addition to the **C** and **D** space that is on each page.

You can learn and gain much by working the book by yourself. A church may give you a book when you become a Christian. But, for a greater benefit to happen you need to meet and study with a group. With different backgrounds, education, and also the position in life of the different members there is much to be gained in sharing. Others will always see things you have not thought of. Besides the fellowship and shared prayers will strengthen each member's life.

A group may be a family of all ages, some friends, a class in a church, or a home school group among others. Groups should have a leader to organize and keep everyone involved. Perhaps, you should start a group, order books, and begin the study. In a church the group may be of new Christians or simply a class that decides to further their knowledge of the Bible.

The price for one book is \$12.00. Discounts are available for a quantity purchase. Shipping and handling and tax (if not exempt) for Texans is added. Local purchases may be picked up or even hand delivered. Bookstores will be able to sell you one or order many.
